This decision is in response to the renewed petition under 37 CFR § 1.47(b) filed 10 October 2007 in the United States Patent and Trademark Office (USPTO).

BACKGROUND

On 21 September 2007, applicant was mailed a decision dismissing applicant's petition under 37 CFR 1.47(b) to proceed without the signature of inventor Jung He Park. Applicant was afforded two months to file any request for reconsideration.

On 10 October 2007, applicant responded with the present renewed petition.

DISCUSSION

As detailed in the decision mailed 21 September 2007, a petition under 37 CFR 1.47(b) must be accompanied by: (1) the requisite petition fee under 37 CFR 1.17(g); (2) factual proof that the inventor refuses to execute the application or cannot be reached after diligent effort; (3) a statement of the last known address of the non-signing inventor; (4) an oath or declaration executed by the 37 CFR 1.47(b) applicant on behalf of and as an agent for the non-signing inventor; (5) proof of proprietary interest in the application; and, (6) a showing that such action is necessary to preserve the rights of the parties or to prevent irreparable damages. Applicant previously satisfied items (1) and (3)-(6).

With the filing of the present renewed petition and supporting documentation, applicant has satisfied the remaining item. Specifically, applicant has provided additional information regarding the Korea Info Service Corporation and KOIS database. It is clear from the explanation and supporting exhibits that the database can be used to search for a current

residential mailing address in addition to email address. Thus, applicant has provided a proper showing that a diligent effort has been made to locate a current mailing address for Mr. Park. As such, it is proper to grant applicant's renewed petition at this time.

CONCLUSION

For the reasons stated above, applicant's renewed petition under 37 CFR 1.47(b) is **GRANTED**.

The application has an international filing date of 14 January 2005 under 35 U.S.C. 363, and will be given a date of **15 June 2007** under 35 U.S.C. 371(c)(1), (c)(2) and (c)(4).

As provided in 37 CFR 1.47(c), a notice of the filing of this application will be forwarded to the non-signing inventor at his last known addresses of record. A notice of the filing of the application under 37 CFR 1.47(a) will be published in the Official Gazette.

This application is being returned to the DO/EO/US for processing in accordance with this decision. Specifically, the mailing of a Notification of Acceptance (Form PCT/DO/EO/903).
